Re: Building Permit and State Fire Marshall Permits for Clearview Target

Dear Mr. Mayer,

This month, Louisiana Expeditors, LLC successfully delivered the required permit acquisition for our interior renovation project at the Clearview Target Store (T-1449) in Metairie, LA. You were a tremendous help with the many changes to this project, and I appreciate the efforts of both yourself and your team in completing a swift, clear and professional expediting service.

The outstanding ability and professionalism of your company certainly deserves recognition, and I look forward to working with you and the Louisiana Expeditors team again in the future.

Kindest Regards,

A handwritten signature in black ink, appearing to read "Ty Russell", written over a horizontal line.
